

Central States Shorthorn & Polled Shorthorn **SALE**

SALE OF THE **"MONEY MAKERS"**

OCTOBER 4, 1975
OSKALOOSA, IOWA
SOUTHERN IOWA FAIRGROUNDS

STANDARD GUARANTEE

OF AMERICAN SHORTHORN BREEDING ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. Bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within six months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. (Cows with calves at foot even though bred are not given any guarantee.)
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction on all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any other animal later substituted.
5. In the event an animal is returned by the buyer to the seller as a non-breeder, the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such certificate is required by the seller.
6. All animals are sold to comply with the laws regulating tuberculosis and Bang's disease of the state or country into which they may be shipped.
7. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

Typical of the heifer calf quality in these semi-annual sales is this champion in this spring's sale shown by Larry Reap, Polo, Ill., and purchased by H. W. McElhinney & Sons, Crawfordsville.

THE 52nd SEMI-ANNUAL

CENTRAL STATES

Shorthorn & Polled Shorthorn
SHOW & SALE

OSKALOOSA, IOWA

SATURDAY, OCTOBER 4, 1975

— 83 HEAD 83 —

9 BULLS

59 FEMALES

15 STEER CALVES

This sale has earned the title of "The Sale Of The Money Makers". Central States cattle are the kind that are honestly represented, practically raised with the bred-in "doing ability" to make a profit for you.

Featured will be the usual good number of females including a large reduction draft of excellent cows from McCracken Farms, Inc., Thompson, Iowa, and a 10-head heifer draft from Paul Aldinger, Ackley, Iowa. These represent great buying opportunities for herds just starting, or for established herds wishing to add some new, profitable bloodlines.

Never before has the beef industry been so conscious of the greater milking qualities, high grading ability, and quick, economical fleshing attributes of Shorthorns and Polled Shorthorns. We are the breed best able to correct the weaknesses of the exotics. This is forcefully illustrated by the large number of exotic fanciers using Shorthorn and Polled Shorthorn females in their upgrading programs.
